

# ***THE FULL MOON TIME TO RELEASE***

**NOVEMBER 27, 2023 4:16 AM EST**

**04 DEGREES GEMINI 51 MINUTES**

## **HOW:**

### **THE SIGN GEMINI:**

With this sign, curiosity is developed, which opens the door to learning, versatility, and choice. The experiences ruled by the Gemini house in your chart require the greatest flexibility. This sign thrives on change, because variety offers food for thought, which develops objective thinking patterns. Curiosity is aroused, which motivates you to seek out new experiences having educational value. The power to communicate ideas and deal with a variety of things. Nothing escapes the attention of Gemini. The gathering of information that facilitates our day to day activities. Versatility and adaptability are needed now. Learn and make new connections.

### **THE SABIAN SYMBOL: A RADICAL MAGAZINE.**

This is a symbol of the necessary element of change in human affairs, and of the extent to which the remote or the nonpossessed and entirely potential will have its full and functioning part in any immediate reality with which an individual may be seeking to come to terms. Here is the power of man to give high exaltation and dramatic force to whatever succeeds in stirring him deeply within himself. Emphasized in principal and important part is the supremacy of inner over outer compulsions. The keyword is TANGENCY. When positive, the degree is personality in its highly effective capacity for putting its stamp on everything it touches, and when negative, a perverse determination to quarrel with everybody. ### **THE DECANATE: GEMINI**

**THE DWAD: CANCER** The subconscious, the emotions, and instinctual behavior. Intense emotion and great sensitivity. This sign connects us with the past, our roots, family, and the way we were raised. This is the most fertile sign of the zodiac. Time to nurture, protect, and care for the things that we want to bring forth now. It rules the breast and the stomach. The house ruled by Cancer shows where, moved by emotion, you seek out experiences, which secures your Aries identity and builds foundations in your personal life. You protect this area of your life like a mother protecting her young. You function in this area with "gut feeling".

### **RULERS: MERCURY/ MOON**

This Full Moon is in the sign of communication and Mercury is the ruler. Mercury is in the sign Sagittarius. Gemini is the sign of light hearted curiosity and an interest in variety. The energy of Gemini is expanded and focused with Mercury in Sagittarius. Mars is in Sagittarius direct and straight forward with truth and knowledge. The Moon in Gemini is in opposition to Mars in Sagittarius which urges us to speak the truth. Mercury is in Sagittarius at 24 degrees exactly square to Neptune at 24 degrees Pisces. The challenge with this opposition is that you know what you are talking about and take the time to listen. The North Node in 24 degrees Sagittarius leading us in a direction of knowledge. Mercury is trine (very favorable) to the North Node. You are in the right place at the right time to get what you need to say and know. The Sun and Mars in Sagittarius opposing the Moon in Gemini are making a square to Saturn in zero degrees Pisces. You are going to learn a lot and probably say a lot. It is time to be curious and have an adventure as life is offering up new situations. Don't fight it, take it all in, learn something and enjoy.
