

**THE NEW MOON**  
**LAW OF ABUNDANCE**  
**DECEMBER 12, 2023 6:31 PM EST**  
**20 DEGREES SAGITTARIUS 40 MINUTES**

**HOW:**

**THE SIGN SAGITTARIUS:** Sagittarius is the ninth sign of the zodiac. It is a fire sign, and it is mutable. It is said that experience breeds wisdom. This truth will be confirmed through the activities available in your Sagittarius house. Remaining open to new experiences cultivates ethical principles, along with a philosophical and open-minded outlook. An understanding of cultural differences at multi-levels is also important here. Sagittarius shows where you come to understand that you not only exist within the world, but that world can exist within you. While water signs show where you tend to live in the past, the houses ruled by the fire signs describe where you live for the future. You need to know that there is always something to look forward to. This month, the emphasis is to look toward the future, be optimistic and open. Understand people and situations that are different from you. Expand, but know your limits. The key phrase, “I UNDERSTAND”, certainly describes the true essence of Sagittarius.

**THE DECANATE: LEO**

This is the sign of integrity, recognition, romance, affection, creativity, and play. When this sign is emphasized, we show kindness and generosity to others. We fall in love, and put our hearts into whatever we are doing. It is a time for ambition, independence, and leadership. People may refuse to recognize their limitations under this influence. This sign can be known for its overly dramatic behavior. It rules the heart and the upper spine.

**THE SABIAN SYMBOL: A CHILD AND A DOG WITH BORROWED EYE GLASSES.**

“Sabian Symbols” Marc Edmund Jones. This is a symbol of man’s unimpeachably universal spirit, and of his realization that there are no absolute lines of demarcation between higher and lower life or between the varying stages of competency to be found in each. Self-consciousness requires a supplementation of its capacities in the structure and materials of each particular plane of being, and individuality develops as it enters into reality through its own characteristic modes of insight. The keyword is **EXAMINATION**. When positive, the degree an exceptional skill in the analysis of personal opportunity throughout the many dimensions of experience, and when negative, distorted vision and self-defeating prejudice.

**RULERS: JUPITER\SUN:**

At the time of this New Moon, Jupiter, the ruler of Sagittarius is in the sign Taurus. This New Moon bringing wisdom and knowledge has its ruler in Taurus. The knowledge may be all about growing things, building things, and acquiring things. What you need for the future. Venus in Scorpio supporting those very ideas. Mercury is in Capricorn very favorable to Venus in Scorpio. Out ideas will work for us. The New Moon at 20 Sagittarius is square to Neptune in Pisces. All that glitters is not gold!! Watch out for that. The North Node is at 23 degrees Aries favorable to the New Moon at 20 degrees Sagittarius. They are both Fire Signs bringing enthusiasm and good timing.
