

# THE FULL MOON/ LUNAR ECLIPSE TIME TO RELEASE

**OCTOBER 28, 2023 4:14 pm EDT 05 DEGREES TAURUS 03 MINUTES**

## **HOW:**

### **THE SIGN TAURUS:**

The key phrase for Taurus is, "What do I have?" Taurus is concerned with getting results. Money, personal resources, security, survival skills, and self-esteem. To have the things around us that make us comfortable and reflect who we are. This sign builds. Where this sign is in your chart will indicate your sense of values, as well as where you are apt to be locked up in material values. Taurus rules the throat in the physical body.

### **THE SABIAN SYMBOL: A BRIDGE BEING BUILT ACROSS A GORGE.**

This is a symbol of the conquest of natural difficulties by conscious means, and of any individual's essential independence of nature's accidents or inconveniences. There are always ways in which physical limitations may be transformed into personal or social assets, this contributing a dependability on the outer side to a consistency on the inner and so giving every possibility of continuance and intelligence to human experience. The keyword is CHANNELSHIP. When positive, the degree is the directness and practical instinct by which personality achieves ultimate benefit of its powers, and when negative, a love of short cuts and every possible escape from the obligations of daily living. ### **THE DECANATE: TAURUS**

### **THE DWAD: THE SIGN CANCER:**

The subconscious, the emotions, and instinctual behavior. Intense emotion and great sensitivity. This sign connects us with the past, our roots, family, and the way we were raised. This is the most fertile sign of the zodiac. Time to nurture, protect, and care for the things that we want to bring forth now. It rules the breast and the stomach. The house ruled by Cancer shows where, moved by emotion, you seek out experiences, which secures your Aries identity and builds foundations in your personal life. You protect this area of your life like a mother protecting her young. You function in this area with "gut feeling".

### **RULERS: VENUS/MOON**

Uranus is the Planet of awakening, change and surprises. Uranus has been in Taurus for 4 years getting us up to speed with what we need for comfort and security. Uranus has about 3 years to go. Our values or what we value may change. Jupiter is also in Taurus which is a very good sign. A Lunar Eclipse influences us for about 6 months. It is time to pay attention to what you want to build. At the time of this Full Moon in Taurus, the Sun is in Scorpio. This is all about having balance in your life. The part you play and what you have with what you owe and what others expect from you. This Full Moon at 5 degrees Taurus 03 minutes is sitting with Jupiter and Uranus. At the time of this Full Moon/Lunar Eclipse Venus is in Virgo opposite Saturn in Pisces. It is time to get healthy and organized externally and internally. The Sun is in Scorpio joined with Mercury and Mars. Get yourself on track mentally and get busy.
